DR. BURLESON DEAD.

His Demise Takes Away a Noted
Man of Texas.

LONG, USEFUL LIFE.

Dr. Burleson was the Founder of the
Baylor University and Was its
President for Forty-Seven
Years—Was of Alabama.

Waco, Tex., May 14.—Rev. Dr. Rufus
C. Burleson, one of the best known
men in Texas, died at 3 o'clock this
morning, quietly, having had fever for
several weeks. He was 78 years old.
The funeral will take place tomorrow
afternoon, conducted by Dr. Park of
Meridian. The Masons will take charge
after the religious services.

He was born near Decatur, Ala., Aug.
7, 1823, one of 13 children. He was or-
dained to preach at the age of 17, and
came to Texas as a Baptist missionary
in 1848, having graduated from the
Western Theological institute of Cov-
ington, Ky. He was chosen pastor of
the First Baptist church at Houston in
1861 to succeed Dr. Tryon, who died of
yellow fever. On Jan. 1, 1853, he mar-
ried Miss Georgia Jenkins at Independ-
ence, Tex. They had nine children,
only two are now living. His wife also
survives him.

He was elected president of Baylor
University of Independence in 1851,
and staid there till 1861, when he came
to Waco and established Waco Univer-
sity, a co-educational school. This
school and Baylor were consolidated in
1885 and located at Waco, Dr. Burleson
was made president and continued so
till 1897, when he was retired and made
president emeritus with full pay for
life. He had been president of Baylor
for 47 years.

He has instructed over 50,000 stu-
dents, among them such men as Gen.
Sul Ross, Hon. L. L. Foster, Judge T.
J. Brown, Colonel W. B. Denson and
W. K. Homan. He was identified prom-
inently with the early history of Texas.
He baptized General Sam Houston, Gen.
Boss and Mrs. Dickenson, daughter of
the Alamo.

During the administration of Gov.
Roberts he was agent of the Peabody
fund and took a prominent part in
organizing the public school system of
Texas. At his suggestion Sam Houston
normal was established.

Cudahy Will Double Reward.
Kansas City, May 14.—Edward A.
Cudahy of Omaha, who is in the city,
is quoted as saying he will if necessary
double the reward of \$20,000 to secure
the capture of the kidnaper of his son.
"I want the satisfaction of clearing the
matter up as well as seeing the guilty
person punished," said he. "If neces-
sary I will double my reward."

Removal of Confederate Dead.
Washington, May 14.—Quartermaster
General Ludington has entered into a

of the Confederate dead in Soldiers'
Home cemetery and in the Arlington
cemetery to another section of the last
named cemetery which has been set
aside by the secretary of war for their
reinterment.

American Vessel Wrecked.
Nanaimo, May 14.—The wreck of the
American ship Coluss has been found
in Rocky cove at the southwest side of
Reunil sound, Queen Charlotte island.
The ship apparently was stripped and
abandoned at sea. No trace of human
occupation could be found around the
cove. The ship's name is still on the
stern with the letters, U. S. A.

Arrests for Postal Seizures.

quence of the recent postal seizures by
the Ottoman authorities several Mus-

mored that Reshad Pasha, formerly
minister of finance has fled from the
country.

Denial of Any Combine.
Berlin, May 14.—Government circles
furnish a denial that any negotiations
are going on between Austria and Ger-
many for a European commercial league
against the United States. The idea is
regarded as impracticable owing to the
diversities of race and commercial in-
terests.

est sister of Emperor William, has given

ALGER INTERVIEWED.
Would Have Captured Aguinaldo Two
Years Ago if Permitted.

New York, May 14.—General Russell
A. Alger, former secretary of war, Mrs.
Alger and Russell A. Alger, Jr., are in
this city and will sail for Europe to-
day to be gone about three months.
General Alger's health is much better
than while he was secretary of war, but
he has not entirely recovered. Much of
his time abroad will be spent at Carls-
bad.

"I would have captured Aguinaldo
two years ago if I had been allowed to
follow my plans," declared General Al-
ger in an interview. "His capture broke
the insurrection. The Philippine war
is now a thing of the past."

"The Cuban question will not be fi-
nally settled until Cuba is a part of the
United States," continued General Al-
ger. "It should have the same status
as Hawaii. It will not be taken by
force, but the intelligent people of Cuba
will ask to take part in this matter.
When it does values there will quad-
ruple."

When asked how the people of the
west regarded the mad speculation in
Wall street during the past 10 days
Mr. Alger said:

"They view it very much in the same
way the people of the east would a cy-
clone sweeping over the west. But they
cannot see how the people of the east
will lose their heads and go down in
ruin."

"Speculation is a bad thing. The
man who speculates and wins is ruined
because he is then unfitted for anything
else. The unfortunate who losses is
down and is never heard of again."

General Alger said he had closed out
all his timber interests on the Pacific
coast and will upon his return devote
himself to his properties in Michigan.

NO COCK FIGHTING.
Principal Sport of Puerto Rico Prohib-
ited by a Decision.

San Juan, Puerto Rico, May 14.—
Attorney General Harlan has decided
that cock fighting is illegal, so about the
only amusement of the Puerto Ricans is
taken from them.

In May, 1899, a general order was
issued which officially approved the regu-
lations of a local society for the preven-
tion of cruelty to animals. One of these
regulations prohibited cock fighting, but
the order was never enforced. The at-
torney general on being asked to decide
whether the general order of the milita-
ry authorities was still law, held it
must be so considered as police regula-
tions and be enforced as other laws. The
penalty provided is heavy.

Sports are entirely lacking in Puerto
Rico. Small boys are just beginning to
know about baseball, and in a few years
that game will become popular, but to
deny the people of the country cock
fighting is to take from them their prin-
cipal recreation.

Chief of Police Fechter said he was
in favor of cock fighting and did not
intend to hunt for cock pits. Any pit
against which complaint might be made
will be raided, but no wholesale arrests
would follow. The chief evidently goes
on the principle that a custom of 300
years standing cannot be uprooted in a
day. "Three things—drinking, gam-
bling and cock fighting, must always
exist here," he said.

Motorman Attacked.

Albany, May 14.—The Union Traction
company, whose employees went on a
strike last week, made an effort to-
day to operate their lines in the busi-
ness portion of the city with non-union
men. The second car out of the barn
was ditched and the motorman was
knocked senseless. The crew deserted
the car after making two trips. No at-
tempt has been made to operate the
United Traction lines in Troy, Cohoes,
Rensselaer and Watervliet, on which
the employees struck when those in Al-
bany walked out.

Watching Conspirators.

Montevideo, May 14.—The govern-
ment has adopted measures to prevent
any surprise by the conspirators. Every
steamship going to Buenos Ayres, Ar-
gentine, is being watched by secret
agents to prevent the departure of sus-
picious persons, because it is feared that
they would prepare a coup d'etat from
Argentine soil. Troops and police are
being mobilized by the government to
meet any insurrection. The country is
still excited.

SMITH AND CARSON'S DAY.

Hip, hip, hooray!
This is Smith and Carson's day.
We will always remember the 11th of May—
Hip, hip, hooray!
Thanks are to you, gentlemen, due,
And we tender our thanks to both of you.
We drove from town and crossed Batte's Ferry,
And all the time were a party merry.
The corn and cotton that greeted our eyes,
Brought from all an exclamation of surprise.
The hosts met us at the door,
And gave us welcome o'er and o'er.
Soon the sumptuous repast spread
Lemonade and cake and bread.
Pickles, meats and sweets galore;
Then we adjourned to Brazos shore.
Upon the shore we shot the gun,
And at this we had great fun;
With dominoes and tether tennis,
And boating gay we made a finis.
Of course the kodak fiend was there
And the cry "look pleasant" was in the air.
The pictures taken will be fine;
The happy faces express our good time.
To our chaperones a cheer most hearty
Came forth from the entire party
And at the closing of this rhyme,
Let us say again,
We had a most excellent time.

SHAKESPEARE CLUB RECEPTION

Tendered by the Retiring President, Mrs. William Holt Oliver.

The Shakespeare club of this city may be numbered among the most successful organizations of its kind in the state. Formed a year ago, its course has been marked by uninterrupted progress and by pleasure and profit for all the ladies connected with it, as well as many fortunate friends. The crowning event of its history, however, and a social function which has not been surpassed, was the reception tendered yesterday afternoon by the retiring president, Mrs. William Holt Oliver, complimentary to the members of the club, with Miss Kate Friend of Waco as guest of honor.

The home of Mr. and Mrs. Milton Parker, where Dr. and Mrs. Oliver are domiciled pending completion of their handsome new residence, was invitingly thrown open and beautiful with palms, ferns, sweet peas roses and carnations. A basket of white marguerites supported by the club colors, purple and gold, was a gift from the guest of honor to the hostess. It was noticeable that the club colors were carried out in everything from the monogram invitations to the delicate refectory.

Mrs. Milton Parker, Mrs. Allen Burton Carr Jr., and Miss Parker assisted Mrs. Oliver in receiving her guests in the reception hall. Passing on to the spacious parlors they were met by Mrs. G. S. Parker, Mrs. S. J. Bain, Mrs. R. S. Webb and Mrs. J. A. McQueen and presented to Miss Friend.

Formal greetings at an end, music, that never failing source of pleasure, claimed attention. Miss Adams sang exquisitely Reginald DeKovens "Chansonnette." Miss Parks followed with a perfect interpretation of a fine instrumental selection.

In a few graceful and well chosen sentences Mrs. M. W. Sims then introduced Miss Friend who gave the company glimpses of "Shakespeare's Home in This the Twentieth Century," an address of such literary merit as one might expect from Miss Friend, who is not only known as a thorough Shakespeare scholar, but who has visited the home of the bard of Avon and carefully studied the environments of his life. Numerous steel engravings of the poet's birthplace, tomb, gardens, and other scenes were shown adding marked interest to the address.

Mrs. E. W. Hutchinson of Houston, known and loved by the Bryan people as Miss McConico, sang "O. That We Two Were Maying," by Nevin, with fine effect in a voice of full rich quality and expressiveness. She was accompanied by Miss Parks and Prof. Zehnal with piano and violin. The transition from parlors to

dining room changed the scene only to enhance its beauty. The refreshments were of orange-ice served with individual cakes frosted with purple. By each plate was a boutonniere of pansies. Too soon the parting hour came, when adieus were said regretfully, amidst showers of congratulations for the hostess, and best wishes for the future of the club under the guidance of the new president, Mrs. E. J. Fountain.

The guests were Mesdames Astin, Tabor, Edwards of Denton, Pryor, Burger, Rhodes, J. Fred Smith of Dallas, Sims, Foster, Harrison of College, McInnis, Brandon, McQueen Derden, Robt. S. Webb, Wipprecht, Bain of Gainesville, Williamson, G. S. Parker, Pugh, Jno. M. Lawrence, Carr, Gordon, James H. Webb, Hutchinson of Houston, C. A. Adams, A. L. Banks of College, Haswell, E. J. STATE REVENUE.

General Revenue Fund in the Treasury Sufficient for Demands.

Austin, May 14.—At the close of business last Saturday evening the cash balance in the state treasury to the credit of the general revenue fund was in round numbers \$1,676,000, which is \$97,000 in excess of the balance on the same day last year.

This is a most gratifying showing as it was feared that there might be a slight deficit, but with the increased tax values and heavy office receipts the revenue will be sufficient, notwithstanding the act refunding taxes to the coast counties.

Hotel Burned at Kaufman.

Kaufman, Tex., May 14.—The St. James hotel here was destroyed by fire.

The head and tail

of the matter is simply this—beef cut from animals over three years old is tough, lacks flavor, and is deficient in nourishing juices. We prefer to sell flesh of YOUNG STOCK. It is delicious, tender, rich and nourishing. Much cheaper, though costing a little more money than cuts from old animals. No better meat than that sold at

S.W. BUCHANAN
THE CITY MARKET.

The building was a large frame one, situated on the public square, and part of it was built before the civil war. The hotel was valued at \$2000 and was owned by James Hatch, a minor. There was no insurance on the house. The hotel was occupied by R. Kraig, who lost all his furniture. He had \$800 insurance.

Hill County Grain Crop.

Hillsboro, Tex., May 14.—The wheat and oat prospects of county are different in different localities. The largest yield for wheat spoken of is from 12 to 15 bushels to the acre, and the lowest is from 4 to 5 bushels to the acre. The spring oats are generally regarded as a failure, while the volunteer oats seem now to promise a fair yield.

Alfalfa Hay in Demand.

Ector, Tex., May 14.—Corn is selling at 70 cents per bushel. Alfalfa hay, the first cutting, is selling at \$10 per ton. The producers will get the more cuttings. It is paying better than in any crop raised. The green belt is not touch it. Those who can get it using it instead of corn.

Carload of Stock Cremated.

Denison, Tex., May 14.—A car loaded with stock caught fire while the train was running near Bonita, on the Henrietta division, Saturday. Nearly all the cattle were cremated. A second car caught fire, but was extinguished before any damage was done. It is not known how the fire started.

Severe Storm at Gainesville.

Gainesville, Tex., May 14.—Gainesville and Cooke county were visited Sunday night by a heavy rain and terrible windstorm, the latter doing much damage to buildings, fruit and shade trees. Much damage was done to the growing crops throughout the country.

New Baptist Church.

Ennis, Tex., May 14.—A new Baptist church was organized at the Alford farm, on the Trinity, 10 miles east of Ennis. Revs. W. L. Pierce and P. O. Scott were the organizers. They start out with 12 members and have named it Trinity Baptist church.

Washington, May 14.—The long-talked of suit on the part of the state of Kansas against the state of Colorado to enjoin the latter state from the diversion of the Arkansas river was begun in the United States supreme court here. WINE OF CARDUI

Calro, Ky., Sept. 6, 1899.

I take pleasure in writing a few lines in praise of your wonderful medicine, Wine of Cardui. It is the best medicine I ever heard of. I am thirty-six years old and have been sick all my life. I had a dozen doctors, but none of them did me any good. I have taken one bottle of Wine of Cardui and will take another with Black-Draught. I have been married six years and have a baby five years old. I had womb and kidney trouble. My monthly period was so bad that sometimes it came twice a month. I was too sick to do work for a family of three. I was in bed when I got the bottle of Wine of Cardui. Now I am up and can do most of my work. When I was sick I could not sleep at night. I sleep well at night now. A friend of mine advised me to use Black-Draught with Wine of Cardui.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for indigestion or Billiousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

AMENDMENT OF PLATT TARIFF OF PHILIPPINES

The Cuban Constitutional Convention Takes up the Report.

NO ACTION IS TAKEN.

Senor Portuondo Opposed to Accepting the Amendment—It Will Be Several Days Before Action Is Taken on the Matter.

Havana, May 14.—The Cuban constitutional convention met yesterday in secret session and formally considered the report of the commission that went to Washington to obtain more definite information regarding the intention of the United States government. General Sangulillo objected to the report on the ground of incompleteness, pointing out that the commission made no recommendations.

"They were sent to Washington," he said, "with the object of getting some of the bases changed, but offer no explanation as to why the changes could not be effected, nor do they express an opinion regarding acceptance or rejection of the Platt amendment as we expected they would."

Senors Tamayo, Llorento and Betancourt replied that Secretary Root had explained that the bases could not be changed, as the Platt amendment was the final policy of the Washington administration and it was useless therefore for them to insist upon a change, but the construction Mr. Root had put upon the bases, together with his assurance that the United States would establish an independent government in Cuba and would not interfere with Cuban sovereignty, influenced them in favor of accepting the amendment although they did not recommend this course in the report.

Senor Portuondo declared that he did not agree with his colleagues who had already spoken, but was opposed to accepting the Platt amendment.

Senor Capote was not present but it is understood that he agrees with the majority.

Senor Juan Gualberto Gomez moved that the report be referred to the committee on relations whose last report has still to be acted upon. He admitted that the committee's visit to Washington had thrown new light upon the amendment, but he thought it only just that the committee should be allowed an opportunity to change the report in order to conform to the new conditions. An amendment was made to take an immediate vote with reference to the amendment, but the motion of Senor Gomez was finally carried, the committee being instructed to act promptly. It is expected that several days will elapse before the amended report is submitted to the convention. A movement is on foot to delay action until after the municipal elections.

A majority of the committee on relations, Senors Laman, Villeundoss and DeQuessa, are in favor of accepting the Platt amendment. Senors Gomez and Silva oppose acceptance.

To Run With Non-Union Men.

Albany, May 14.—Under the escort of a platoon of mounted police and surrounded by a mob of 2000 persons, 200 non-union men were taken late Monday night to the Quail street barns of the United Traction company, which is the main station of the Albany lines of the United Traction company, on which a strike is in progress. Stones were hurled at the non-union men who were taken to the barns. This is the first step taken by the company to operate its lines with non-union men. The non-union men, it is said, came from Philadelphia and were met at the station by a platoon of mounted officers and two patrol wagons full of police.

Arrested for Embezzlement.

Ponce, P. R., May 14.—Carlos and Ramon Julia, respectively postmaster and assistant postmaster at Juana Diaz have been arrested on the charge of embezzlement. Inspector Smith, on April 27, found that the postoffice at Juana Diaz should have a balance of \$952. No cash was on hand. The bondsmen of the prisoners will reimburse the government in full. Julia issued money orders of credit before receiving the cash and it is believed they charged their customers a commission.

Pleaded Guilty.

New York, May 14.—Charles R. Westervelt, the defaulting cashier of the Dime Savings bank of Newark, N. J., was arraigned here before Justice Skinner in that city. He retracted a plea of guilty to the charge of embezzlement and entered a plea of guilty and was sentenced to two years imprisonment. He pleaded guilty to two indictments for forgery. On these indictments he was sentenced to seven years' imprisonment, a total of nine years.

Liquor Sellers Sentenced.

Pauls Valley, I. T., May 14.—Liquor sellers in the Chickasaw Nation are meeting with the severest penalty ever imposed. Judge Thomas imposed two sentences Monday of four years imprisonment and \$2000 fine each in the case of John Stevenson and O. S. Scrivener.

Forest Fire in Tennessee.

Knoxville, May 14.—A disastrous forest fire is reported raging in the mountain section of upper east Tennessee, in the vicinity of Kingsport. It has been burning for several days and untold damage has been done to farm and timber land.

Will Be Ready to Be Promulgated by June 1.

AWAITING DECISION.

As Soon as Supreme Court Renders Decisions Now Pending the Schedules Will Be Given Out Effective Sept. 1.

Washington, May 14.—The war department is exhausting every resource to formulate such schedules for the new Philippines tariffs as will be most conducive to the United States trade with the islands, and revenue for the administration of the government. With this end in view Secretary Root has placed the proposed tariff before Appraiser Wakeman and his experts in this city, who are to give it the final touches before it is laid before the president for promulgation, unless the supreme court in its decision on the insular question renders all that has been done superfluous. The opinion of the court is expected in two weeks and by that time the new tariff will be ready to be put into operation as soon as notice can be given to all interests affected by its provisions.

Last August Colonel Lawrence Edwards, in charge of the insular division of the war department, assembled a board of army officers who had been in control of customs and revenue matters to formulate a tariff which would be more advantageous to American interests than the old one was. The work of completion was submitted to the leading commercial interests in the islands, public hearings were given by the civil and military reviewing officials and freedom of discussion was encouraged. After the interests of the islands were thus ascertained the schedules were published widely in this country, two months ago and criticism and advice were solicited from American exporters and producers. There have been a number of changes suggested, but the great majority of comment has been of satisfaction.

The whole matter, it is now said, is in such shape that the new tariff, if there is to be any, can be promulgated by June 1, to go into effect two months later. It is expected to produce annually \$15,000,000 after the first year, although for a short period, with conditions now existing in the islands, it may not raise more than half that amount.

HARD ON CHINA.

She Is Paying an Enormous Sum for Foreign Troops in Chi Li.

Washington, May 14.—China is paying \$10,000,000 a month to the powers for the maintenance of foreign troops in the province of Chi Li, which she is now asking them to withdraw, but which they insist they will retain until all the demands submitted last December have been carried out.

This sum will be added to the lump indemnity the ministers have agreed upon, and will further increase the indebtedness of the Celestial government. In view of this fact the necessity for expedition in the termination of the indemnity question strongly appeals to officials and diplomats in Washington. Yet China is expected to object to the payment of an indemnity of \$327,000,000 and the United States will aid her in her efforts to secure a reduction.

From all that can be learned, there is a practical unanimity of opinion among the powers as to the loan which China must make shall be guaranteed by them and shall be so distributed that no one power shall have advantage over the other. Aside from the monetary feature of the loan, great political benefit would be conferred upon the power securing the largest share. The proposal of Chinese officials therefore, that the loan be distributed among the powers according to the amount of the indemnity each will demand, will probably not be adopted.

Well informed officials estimate that the increase of 5 per cent in customs will produce \$19,000,000 annually, which will about cover the interests of the proposed loan. The loan will run for 60 or 65 years. It is believed here that the source of the indemnity will mean the solution of the hardest problem of the whole Chinese trouble, and the authorities are extremely anxious that there shall be no delay in its determination.

Postmaster General May Resign.

Washington, May 14.—The postmaster general, Charles Emory Smith, has given up the lease of his Washington home, and there are rumors that he intends his resigning from the cabinet the coming year. All the personal effects of Mr. and Mrs. Smith were sent to Philadelphia prior to their departure with the presidential party, and it is understood that on their return they will live at the Arlington. Those who are close to the postmaster general say he is only retaining his office at the earnest solicitation of President McKinley and that as soon as practicable he desires to return to newspaper work.

Negro Found Dead.

Little Rock, May 14.—A mob of masked men went to a house occupied by Lee Key, a negro, near Knoxville, and called him out. Key was found dead in the yard at daylight, having been shot. He had been terrorizing other negroes.
